object : On the road to microcredit

Dear Sir/ Madam,

Timothée Coisne, Sébastien Motte, Maxime Thiriez and Thomas Roquette have left France a few weeks ago for the "microcredit bicycle worldwide tour". During 365 days, they will meet Microfinance Institutions (IMFs) and microentrepreneurs in order to increase the microfinance knowledge once they will be back in France.

Their goal is to bike 15,000km and to earn 15,000 Euros, which will be completely transferred to IMFs to finance their own projects.

Moreover, in partnership with PlaNet Finance, Timothée Coisne, Sébastien Motte, Maxime Thiriez and Thomas Roquette would like to collect as much as possible of recent and reliable information about MFIs and their clients.

It is the reason why I am asking you to welcome and receive the "On the Road to Microfinance's team" as well as you can. Please, could you allow them to talk to IMF managers and meet some of yours microcredit beneficiaries.

I thank you in advance for the warm welcome, you will surely offer them,

Sincerely

Jacques Attali
